SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# **OCRM-01-887, Murphy & Ferguson**, has requested an amendment to that issued permit. Specifically, the applicant proposes to delete the permitted fixed pierhead and have split walkways 4'x15' leading to 14'x14' covered fixed pierheads. Channelward of the pierheads will be 4'x39' ramps with 10'x30' floating docks. Between the pierheads will be a 3'x40' catwalk with 13'x13' 4 pile boatlifts. The proposed amendment is for modifications to a private joint use dock, on and adjacent to Whale Branch at 44 & 46 Jeannines Ct, Seabrook, Beaufort County, South Carolina.

Written comments will be received on this amendment request until March 5, 2007 at the address listed below. For further information please contact the Project Manager, Geordie J Madlinger, 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

February 23, 2007

Permit Number: OCRM-07-002-B
Permit ID: 56971

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Amerada Hess Corporation
C/O General Engineering LLC
PO Box 30712
Charleston, SC 29417

LOCATION: On and adjacent to Cooper River at 5150 Virginia Ave, Charleston, Charleston County, South Carolina.
TMS#: 502-05-00-001

WORK: The work as proposed and shown on the attached plans consists of performing maintenance dredging between the existing Amerada Hess pier and the adjacent Federal Navigational Channel. The proposed dredge depth will be - 40 feet Mean Low Water (MLW) with an over-depth allowance of 2 feet for a total of - 42 feet MLW. The material will be hydraulically dredged and the spoil will be disposed into the Clouter Island Confined Disposal Facility via pipeline. The area proposed for maintenance dredging is approximately 165 feet by 953 feet (approximately 3.62 acres). The anticipated annual dredge volume will be approximately 15,000 cubic yards. The purpose of the proposed maintenance dredging operations is to establish and maintain safe operating depths for deep-draft vessels utilizing the berth at the Amerada Hess Copper River Facility. **Please note:** This activity was previously authorized under 2001-1P-011-P, and the state permit has expired. The Federal permit is valid until June 30, 2012.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 25, 2007. For further information please contact the project manager for this activity, Steve Brooks at 843-747-4323 ext. 118.

PERMIT APPLICATION PUBLIC NOTICE**

February 23, 2007

Permit Number: OCRM-07-013-M
Permit ID: 57170

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Corey Bullock
3838 Waldon Road
Ravenel, SC 29470

LOCATION: On and adjacent to Rantowles Creek at 3838 Waldon Road, Ravenel, Charleston County, South Carolina. TMS#: 244-00-00-136.

WORK: The work as proposed and shown on the attached plans consists of making additions to an existing dock and constructing an erosion control device. Specifically, the applicant proposes to place a 10' by 14' roof over the rear portion of an existing 14' by 22' fixed pierhead and to install a platform and ramp leading to a 6' x 12' & 6' x 16' L-shaped floating dock. The proposed erosion control device will consist of a 6' wide by 81' long riprap revetment being installed on top of an existing non-functional rock revetment. The purposes of the proposed activities are for the applicant's private recreational use along with erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

February 23, 2007

Permit Number: OCRM-07-041-R
Permit ID: 57530

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Al Loftis
C/O American Dock & Marine
1533 Folly Rd, D-5
Charleston, SC 29412

LOCATION: On and adjacent to Awendaw Creek at Lot 4 Ladys Secret Lane, Bridle Gate Subdivision, Awendaw, Charleston County, South Carolina. TMS#: 700-00-00-195.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to build a 4' x 61' walkway leading to a 6' x 10' pierhead, both with handrails. Ebbside of the pierhead, a 3' x 20' ramp will access an 8' x 20' floating dock. Floodside of the pierhead, a 12' x 12', four-pile boatlift is proposed. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 10, 2007. For further information please contact the project manager for this activity, Tess Rodgers at 843-747-4323 ext. 116.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

February 23, 2007

Permit Number: OCRM-07-044-M
Permit ID: 57558

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Jane O. Waring
C/o Dock And Marine, Inc.
P.O. Box 12699
Charleston, SC 29422

LOCATION: On and adjacent to the Dawho River at 7727 White Point Road, Edisto Island, Charleston County, South Carolina. TMS#: 092-00-00-002.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 136.2' walkway, with handrails, leading to an upland parcel of property. Beyond that upland parcel, a 4' by 810.4' walkway will lead to an 8' by 8' fixed pierhead, both with handrails. Floodside of the pierhead, a ramp will lead to a 6' by 16' floating dock. The applicant also proposes to install an 8' by 12' four-pile boatlift ebbside of the proposed pierhead. The purpose of the activity is for the applicant's private recreational use. **Portions of the proposed activity were previously authorized under P/N OCRM-01-329-G, which has expired.**

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

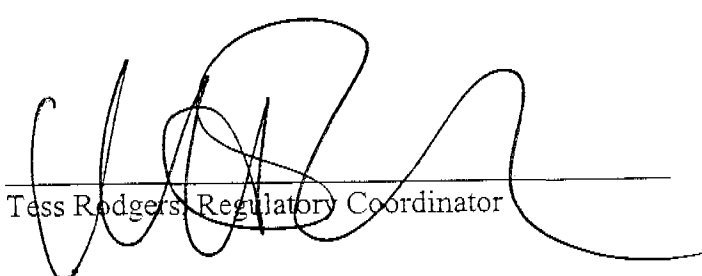

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before March 10, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext.119.

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U.S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, MARCH 26, 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of construction of a community docking facility, capable of accommodating 10 boats of various size. In detail, a 666' long x 4' wide walkway will be constructed with a 20' x 50' fixed pierhead. A 20' x 20' portion of the pierhead will be covered. Also attached to the pierhead will be a floating dock arrangement capable of accommodating 10 boats of various size. The purpose of this facility will be for the private recreational use of the 10 lot owners of the adjoining single family development.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

Charleston, South Carolina 29403**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 0.10 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

February 23, 2007

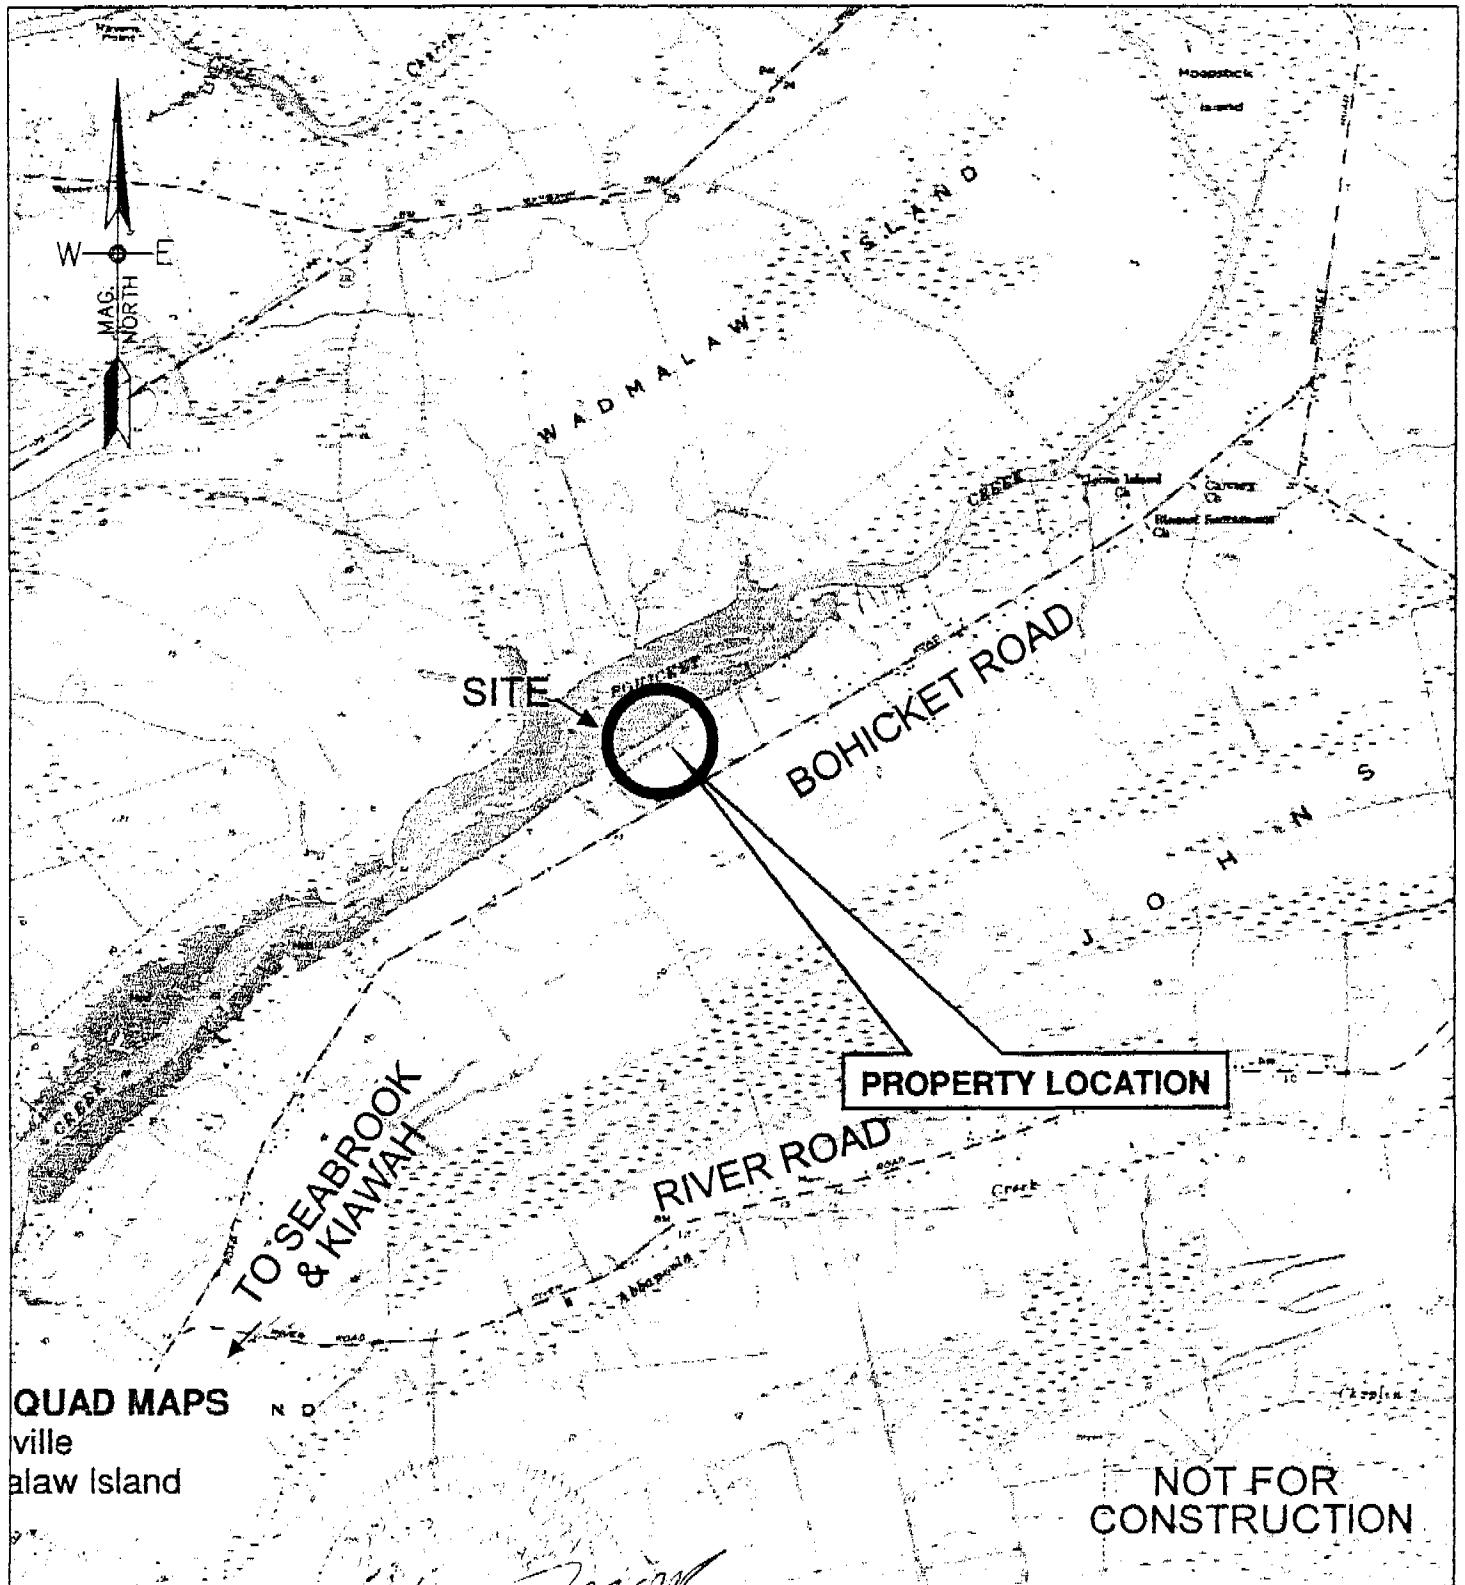

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Mr. Dean Herndon at 843-329-8044.
